Released 2022-12-15

New functionality

Impact Questions CSV Export

- ❖ For Clients who have the Impact Questions tab enabled, Professionals can export the Impact Questions results to a CSV file
 - Professionals will download the CSV export to their computer when it is done processing

A screenshot of the My Journey web application interface. The top navigation bar includes the My Journey logo, a user greeting "Welcome back, Charis", and a series of tabs: My Workspace, My Activities, Participants, In-Network Community Catalog, Out-of-Network Community Catalog, Reports, Ad-Hoc Reporting, Outcomes, and Impact Questions. The Impact Questions tab is selected. A notification box in the top right corner states: "Impact Questions Report. The CSV export you requested is done processing. Click here to download it to your computer." Below the navigation bar, the page title is "IMPACT QUESTIONS Report". A message bar indicates: "The CSV export could take a few minutes to generate. You will receive an alert when the download is available." Under the "Filters" section, there are two dropdown menus: "Native Language" and "What is your current labor force status?". To the right of these filters are buttons for "Filter", "Clear", and "Export CSV". The "Export CSV" button is highlighted with a red box. Below the filters, the "Results" section shows a table header with columns: ID, FIRST NAME, LAST NAME, NATIVE LANGUAGE, and WHAT IS YOUR CURRENT LABOR FORCE STATUS?
