Afton Workforce Center

Create a Message Group from Impact Questions

- ❖ Professional users can create a message group from the Impact Questions
 - The message group will be named “Impact Questions Group DD/MM/YYYY”
- ❖ **Impact:** Professionals can further personalize their message groups based on the Impact Questions to do targeted outreach, send emails, assign follow-up reminders, and take other bulk actions in the system.

EdReturns improvements

- ❖ The EdReturns Tool text is more clear and more user-friendly

Salary and Education Investment Comparison Tool

Make your education invaluable by planning your future! Learn about the **Return on Investment (ROI)** of a program by calculating earnings minus program cost.

This chart is based on tuition and fees reported by colleges and the earnings reported by graduates

This data is brought to you by the Colorado Community College System in an effort to increase transparency and improve student outcomes. Let us know what other information would be useful in your search by emailing showmethedata@pairin.com

100

Will you work while you are in school?

I will work

I won't work

How much will you contribute each year to the program?

75

“Filled” Referral Resource field and report

- ❖ Professionals can mark a Referral Resource as filled by selecting a “Filled At” date for a specific Resource in Client Settings > Resources
 - Only today’s date or past dates can be selected
 - A checkmark is added under the “Filled” field once a Filled At date is entered and the Resource is saved
 - Resources marked as filled will be removed from the Community Catalog for both Participants and Professionals
- ❖ Professionals can run a new “Resource Filled Report” of all filled resources or can filter by Resource Name, Location, Type, and/or Filled Range (date)
- ❖ **Impact:** Resources that are marked as filled will be removed from the Catalog for both Professionals and Participants so that a resource can not be “overfilled”.

Accessibility updates

Video titles

- ❖ Videos on the landing page include a descriptive title
- ❖ **Impact:** Landing pages are more accessible to those using an industry-standard accessibility service (such as a screen reader).

Customer-specific

Link descriptions on Careers in Colorado industries tool

- ❖ Link descriptions were added to the Careers in Colorado industry exploration tool to make the buttons accessible
- ❖ **Impact:** The Careers in Colorado industries tool is now more accessible to those using an industry-standard accessibility service (such as a screen reader).

Historical case management

- ❖ Historical case management data is displayed on the historic case notes tab of the customer record for East Region Adult Education

Bugs addressed

Sign-in link is now visible on all screen sizes

- ❖ Bug: Users were unable to access the sign-in link from the landing page when using a small screen
- ❖ Fix: A hamburger menu icon now displays on the landing page, and the sign-in link is now visible no matter the size of a user's screen

Tools ▾

Create Account

Activity codes and outcomes codes can now be deleted by Client Administrators

- ❖ Bug: Client Administrators were unable to remove activity codes and outcome codes from the Activity Timeline
- ❖ Fix: Client administrators can now delete activity and outcome codes

Contrasting colors on Activity Timeline icons

- ❖ Bug: Icons on the Activity Timeline were displayed in a dark gray so the contrast was limited
- ❖ Fix: Icons are now displayed as white on a different color background increasing the contrast to improve accessibility
