Program finder 'Type' filter	2

# Bugs addressed

## Participant referral status

- ❖ **Bug:** Professional users navigating to a resource within client settings and then attempting to update a participant's referral status were seeing an error and unable to successfully update the status
- ❖ **Fix:** Professionals can now update a participant's status and save through the resource settings

## Program finder load speed

- ❖ **Bug:** Participants engaging with the Program Finder experienced long load times before results populated
- ❖ **Fix:** Participants now experience a faster load speed for Program Finder results

## Program finder 'Type' filter

- ❖ **Bug:** Participants engaging with the Program Finder experienced difficulty with the 'Type' filter not properly filtering results
- ❖ **Fix:** Participants can now apply the 'Type' filter and view results as expected
