MCJ Program Finder: Commuting area and contact phone number	2

Customer-specific

Careers in Colorado link to Program Finder

- ❖ **Bug:** Participants viewing an industry pathway in the Careers in Colorado Industries tool saw a bug with the link to the Program Finder in the upper right corner of the page. Instead of the “Search for programs” link that was there previously, participants saw the filters and search functionality that exists once you navigate to the Program Finder page
- ❖ **Fix:** Participants now see the “Search for programs” link to the Program Finder so they can explore programs related to the industry pathway they are learning about

Commuting area and contact phone number in Program Finder

- ❖ **Bug:** Participants viewing the recently added Colorado ETPL program data in the Program Finder did not see commuting area and contact phone number information in the program details modal
- ❖ **Fix:** Participants will now see the program’s commuting area and contact phone number in the program details
